

5th Annual Michigan Radiation Therapy Registry Review

*Held in conjunction with the
Michigan Society of Radiologic Technologist's Mid-America Educational
Conference*

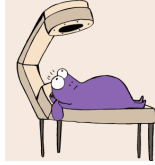

**March 19 & 20, 2010
Flint, MI**

The 5th Annual Radiation Therapy Registry Review topics will include treatment planning, radiation biology, anatomy/cross sectional anatomy and miscellaneous radiation therapy math calculations (bring your calculators). This program is designed to help prepare students to successfully pass their ARRT certification exam. *While registered therapists will benefit from a review of the radiation therapy topics as well—this is designed as a student review.*

(16 CE credits pending ASRT approval).

**Location:
The Holiday Inn - Gateway Centre
5353 Gateway Centre
Flint, MI 48507
(810) 232-5300**

**The temperature in the conference rooms tends to vary greatly.
Please bring a sweater or jacket**
